LOGAN THUNDER

TAFE AT SCHOOL PROGRAM

The Logan Thunder TAFE at School Program promotes excellence by equipping senior high school basketball players with the right tools to pursue success in and outside the basketball arena, while providing a clear pathway to employment in the sports industry.

Successful applicants will attend this innovative program 1 day a week at Cornubia Park in Logan as part of their senior secondary school journey. Earn up to 8-QCE credits and contribute to your ATAR in this pioneering sports education, coaching and development program.

With a focus on basketball, students will study the **Certificate II in Sport Coaching SIS20321** and **Certificate III in Sport Coaching SIS30521** over 2 years. Students will undertake regular strength and conditioning, basketball-specific training, and athlete development workshops as part of the program. Sessions are split into theory and practical hands-on delivery to advance the learning experience.

Successful graduates will be considered job-ready and receive accreditation under the Basketball Australia framework to coach and officiate at a foundation level.

The Program is unique and immersive with study days in place of a regular school day. Students benefit from studying alongside basketball players from the region and gain insight into the inner sanctum of the Thunder.
